- It is the candidates' own responsibility to note carefully the days and times, as fixed on the timetable, for the examinations in the subjects in which the candidate intends to present himself/herself.

- Candidates are requested to present themselves at the examination centre **10 minutes** before the examination commences to facilitate signing attendance sheets

- No candidate will be admitted to the examination centre after thirty minutes of the time for that paper has elapsed. No additional time will be given to candidates who arrive late.

- Where a tape is an integral part of the exam, candidates will not be admitted to the exam once the tape has commenced.

- A candidate may not be permitted to leave the hall and return during the examination period unless the superintendent is satisfied that the candidate's need to leave the hall is genuine.

- A candidate must occupy during the examination the place assigned to him/her.

- A candidate must raise his/her hand if he/she wishes to attract the attention of the superintendent during the examination

- A candidate shall not bring into the examination hall, or have in his/her possession or under his/her control or within his/her reach while he/she is in such room:
