30% Project: *History & Structure of The Internet*

Guidelines

- You are required to produce a 4 A4 page assignment dealing with issues specific to the history & structure of the Internet.

- The 1ˢᵗ page is a standard cover page.

- We perform many functions on the internet today without thought for how these functions became available. Many persons have gone before in the creation of the technologies that now permeate modern life. You are to select one from the list below, researching the biography of the person, but **primarily** their contribution to the internet as we know today. A photograph should be included at the head of the document. The document title should be the name of the chosen person.

Jon Postel	Tim Berners-Lee
Richard Stallman	Vinton Cerf
Steve Jobs	Joseph-Marie Jacquard
Bill Gates	Ken Thompson
Leonard Kleinrock	Eric Allman

- **Don't just copy and paste off the Internet; it stands out a mile and gets** <u>no</u> **marks!**

- If newspaper articles or websites are referenced these are the the 4ᵗʰ (bibliography) page in the submission as primary/secondary source references.

- The assignment should break down into:

  1. Introduction
  2. Discussion
  3. Conclusion

  sections. **These sections should be clearly headed/marked.**

- The text should be standard formatted. Use the check-list!

- The completed assignment must be submitted in paper form in Room 15, as well as saved as a web page. <u>You will receive further information on this aspect at a later stage</u>.

- The deadline for this assignment is**: 22/10/2010 – 12:45**.

This assignment is worth 30% of the total marks for the module.
